Introduction

In 2014, Edmonton Community Foundation (ECF) granted almost \$16.8 million (up from \$12.3 million in 2013 and a record level of granting) to more than 500 registered charities and 220 students, primarily in the Edmonton area. Since its inception in 1989, ECF has granted nearly \$150 million! These grants were primarily made from income from permanently endowed funds and were made possible by the generosity of donors, past and present.

Being an effective grant maker goes beyond cutting a cheque. ECF's role in the community includes acting as a sounding board for community agencies, collaborating with other funders, being a convenor and catalyst for change, and being a source of information about the charitable sector to our donors and others.

ECF was pleased to implement two new granting programs in 2014: 25th Anniversary Grants (page 2) and Vital Signs Grants for Food Security (page 15). ECF was also pleased to implement a successful campaign to establish a new endowment fund to support our Young Edmonton Grants (YEG) Program in perpetuity.

For more information on ECF's grant programs or for more detailed financial reporting, please visit our website at www.ecfoundation.org or contact ECF.
